OKLAHOMA HAY MARKET REPORT

2-16-17

Alfalfa movement mostly moderate on moderate demand. Movement of grass hay, wheat hay and other forages remains moderate but much more active than last fall or early winter. Moderate to fairly heavy rains slowed movement late as muddy conditions prevented loading and moving hay. Rainfall totals of over 3 inches were recorded in some areas. While this did not bring the state out of drought status, it has brought at least temporary relief in terms of reduced fire danger.
