Oklahoma Direct Feeder Cattle Trade

**OKLAHOMA HAY MARKET REPORT
5-28-20**

Alfalfa and hay trade movement not tested this week. Rainfall has swept across the trade area keeping producers out of the field this week. Producers are reporting that finding a true value is difficult. Most everyone has their first cutting of Alfalfa done. Dairy hay is extremely slow as cutbacks are taking place in that industry as well. With warmer weather, Bermuda grass is ready for first cutting as soon as conditions are ready.
